

Appointment of new Institute Affiliates (IAs)

The MacDiarmid Institute for Advanced Materials and Nanotechnology

The MacDiarmid Institute welcomes closely connected members of our research community who do not meet the criteria to be an Investigator to apply to be an Institute Affiliate (IA).

Selection criteria. All IAs would typically be engaged with the following:

- All IAs have to support and implement the vision and mission of the MacDiarmid Institute;
- IAs should be working in support of MacDiarmid Strategic activities, or in alignment with Research Programmes as outlined in the Science Plan (current summary can be provided on request);
- IAs should collaborate with at least two MacDiarmid Institute Principal Investigators (PIs) or Associate Investigators (AIs); OR be strongly engaged with the Institute on non-science activities such as outreach.

Eligibility:

Applicants may be based in New Zealand or Internationally.

Process:

Please submit a cover letter addressing the selection criteria, CV, publications list (if applicable), and two recommendation letters (from MacDiarmid Institute Investigators) to the Institute Manager, Rosie Wayte (rosie.wayte@vuw.ac.nz). Applications will be considered by the MacDiarmid Institute's Science Executive. Applications must be received at least two weeks prior to a Science Executive meeting (held quarterly) to be considered at that meeting. All applicants will be notified within one week following the Science Executive Meeting the outcome of their application.
